BEHIND IT ALL

On the outside we're stereotyped as the worst kids in town, but behind it all we're some of the best.

So many times Wyandotte has been put down for the problems we have, when in fact many problems come from the outside. We're tired of the bad rap outsiders place on us.

- Behind every teacher is someone who cares.
- Behind every administrator is someone who will help you.
- Behind every counselor is a person who will listen.
- Behind every athlete is a winner.
- Behind every student is an achiever.
- And behind every day is a new challenge.

No matter what people think, Wyandotte is not a bad school. So many people are behind you and will stay behind you until the end, but you must stay behind yourself in accomplishings your goals and dreams.

BEHIND THE SCENES

Love Sees No Color

By Kathy Farris

Some people say interracial relationships are not right, but for at least three couples at Wyandotte their love for each other has no color.

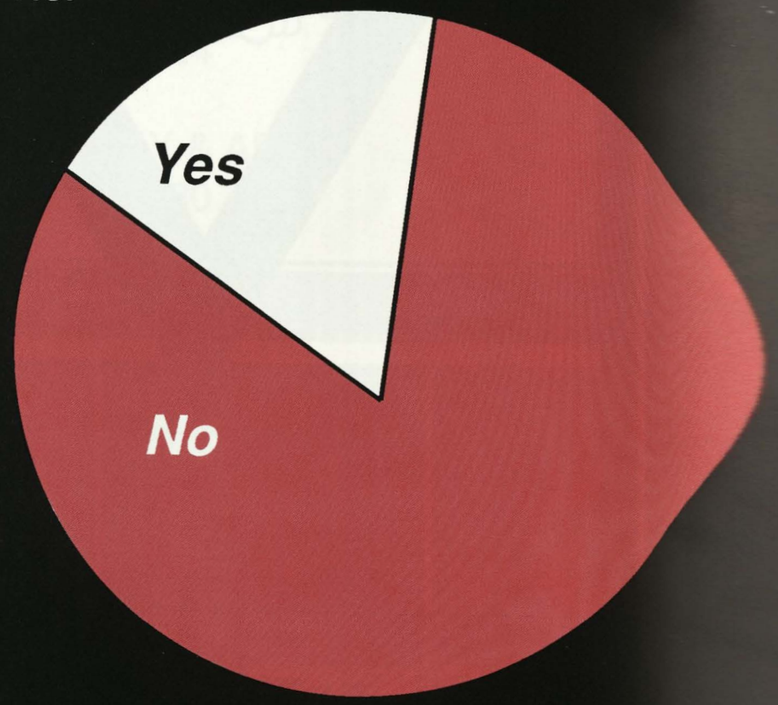
Mr. and Mrs. Rufus Black, teachers here at Wyandotte have been married for thirteen years. They treat students not as a color, but as individual people.

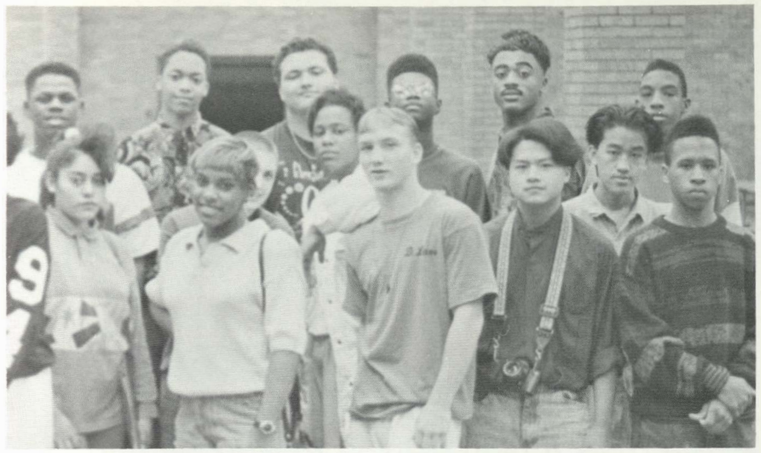
Robert McClemore and Tiana Ward have been together for thirteen months, and plan to be together forever. They say nobody can stop them.

The third couple of love sees no color is, Kareem Smith and Maggie Martinez. These two have not been together long, but still they say "What is color ?"

"Are you against Interracial Relationships?"

Twenty percent of Wyandotte students surveyed said Yes and 80 percent of them said No.





Students in Mr. Black's class come from many different cultures. (Photo by Kathy Farris)

"If you really care about someone, it shouldn't make a difference what color they are."

Amy Bush

"It doesn't matter what's on the outside."

Shawn Allen

Students Hold Down Jobs

By Stacy Fuller

Work--what is it? It's what many Wyandotte students do after school and on the weekends. Some do it to have extra money, pay for cars, insurance, and most Seniors work to pay for different things throughout the year.

Seniors mostly work to pay for such things as prom, cap and gown, graduation announcments, and things that deal with their Senior year in general.

Underclassmen may have jobs to pay for school activities or clothes. Some have jobs just to have some extra cash jingling in their pockets.

There is a wide student population here that holds down a job and goes to school. That deserves a pat on the back.

Q: Does holding down a job make you feel more responsible?

A: I think having a job is a responsibility in itself. You have to be responsible to keep your job. My job has taught me a few things, like not to yell at the person in Drive-Thru if their food is not ready yet.

KEN CRAVEN

Q: Is it hard for you to work and go to school?

A: No, I have my own car so I don't have to depend on anyone else to get me from each place.

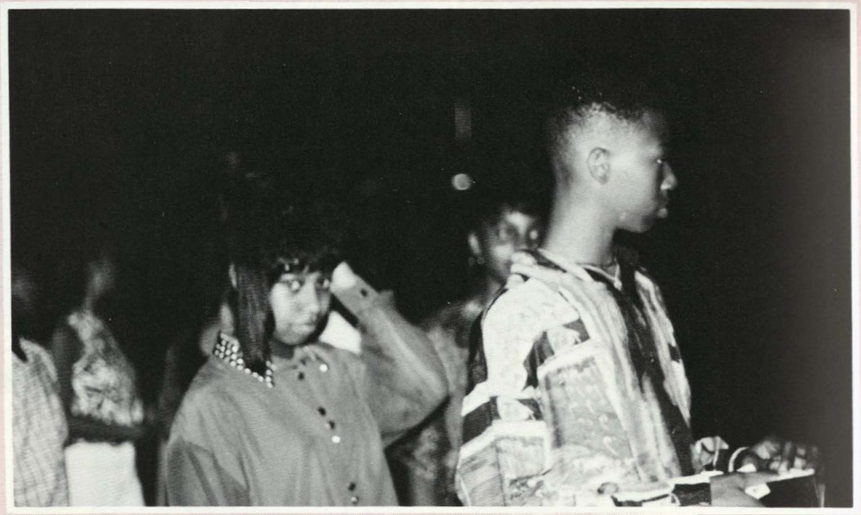
Pictures preserve your high school memories

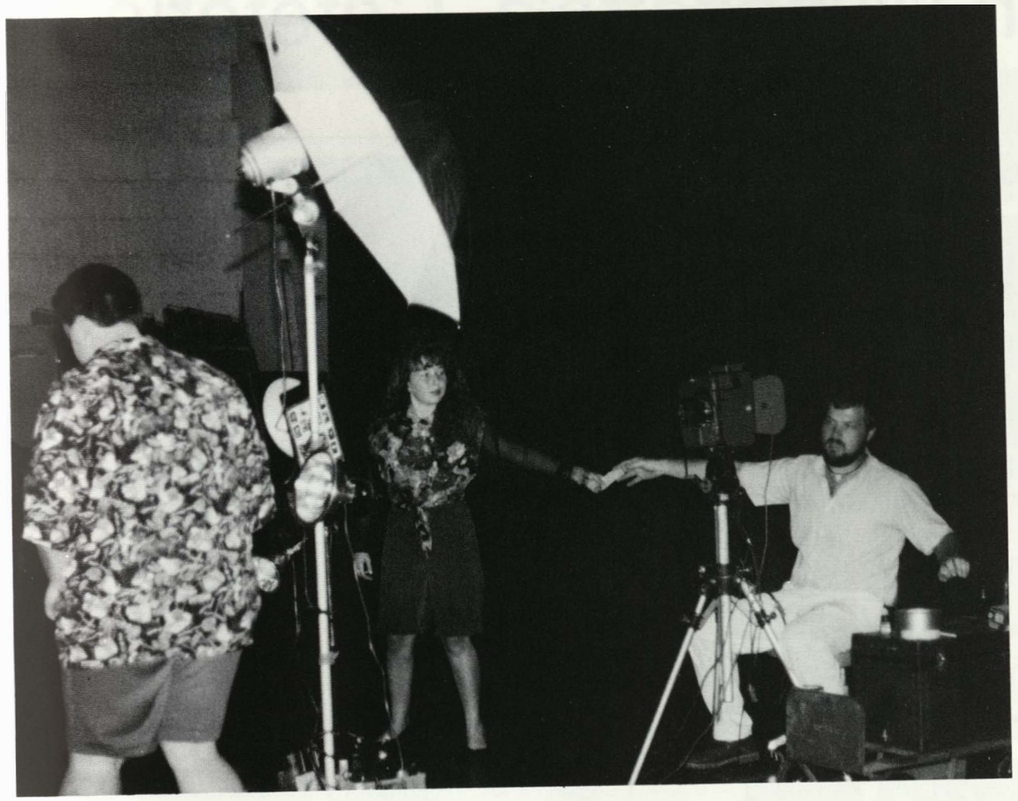
By Rhonda Sutton

"Picture Day" is such a surprising and fun day. Everyone enjoys picture day because it's sort of like a holiday but in school. You can dress-up, make-up, and smile alot! I'ts a day full of excitement, laughter, and anxiety. Everyone gets anxious awaiting the arrival of the new year's pictures. Pictures are memories of the years past and will be memories in the years to come. Then you get to trade pictures with your friends.

So don't miss picture day because it could be the funnest and most memorable day of your school year.



While others are standing around waiting, Etienette Holmes is putting the final touches on her hairr. (Photo by Tonya Reed)



While Kellly is getting her ticket from the "picture man", John Uquart is getting ready to take his picture. (photo by Tonya Reed)

What's HOT and What's NOT

In Wyandotte's Cafeteria

By Michelle A. Parker

Lunch is a time to either sit in the cafeteria and eat, finish up unfinished work, or to just sit around, talk and catch up on the latest gossip. It all depends on the day and the feelings of each Bulldog on what they do.

The 1992-93 school year brought many different types of food in the lunchroom. We had foods like Macaroni and Cheese, Pizza, Taco Salad and lots of other foods.

Besides eating Bulldogs liked to finish their homework and just their regular daily work they didn't finish in class. Why did they do their work in the cafeteria?

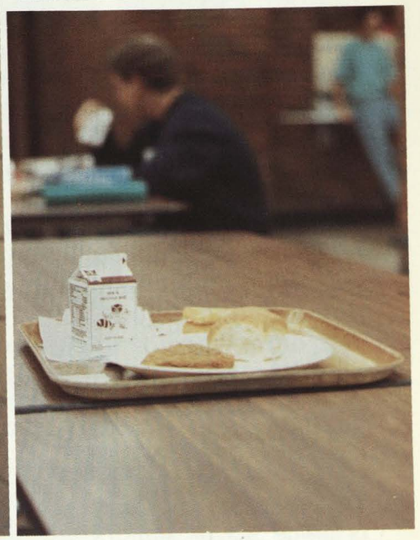
In the future maybe we can go to McDonalds, Taco Bell, Burger King, Wendy's, Hardee's, and other places to eat instead of the cafeteria food.

Students surveyed gave food items they would like to see in the cafeteria, items they like the best and items they are tired of having served for the school lunch.

Foods liked in Cafeteria	***Foods tired of in Cafeteria***	***Foods we want served:***
American Food	Barbeque Rib Sandwiches	Breakfast
Mexican Food	Sausage	Mexican Food
Italian Food	Cheeseburger	Italian Food
Taco Salad	School Pizza	Ice Cream
Chili	Dry French Fries	More Salad
Potatoes w/Gravy	Hamburgers	Varieties of Cookies
Broccoli w/Cheese	Plain Potatoes	Snack Bar Foods

You see them laughing, and it makes you wonder exactly what their cooking up.

Another day brings another meal in Wyandotte's cafeteria.



Loice Edwards is enjoying a cafeteria delicacy—Acapulco Pie.

Homecoming Dance is a success

By Confor Thomas

Excitement filled the Autumn breeze as our students anxiously awaited the 8 o'clock Homecoming Dance.

Even though Wyandotte had been beaten by Shawnee Mission East in a defeat of 24-0 that didn't stop the students from making the best of Homecoming Weekend. At the game, Katrina Atkinson was crowned Homecoming Queen. The other candidates were Stacy Fuller, Ericka Galicia, Mattie Brown, and Leslie Bell.

During the homecoming dance, people eagerly waited to take their pictures either before or after they had partied in the cafeteria where the dance was held.

For all of those not taking pictures they were watching Homecoming Queen, Katrina Atkinson, dancing to the theme song,"Alone With You" with principal, Jeffrey Stewart.

As the dance slowly came to an end, Tony G, D.J. for KPRS, winded it down. But for many they were just beginning as they set out to go to the after party.

Rudy the Bulldog shows off his tuxedo at the Homecoming halftime.

The Homecoming Court is made up of seniors Stacy Fuller, Katrina Atkinson, Mattie Brown, Leslie Bell, and Ericka Galicia.

Wyandotte Track Team is 1992 State Champions

State Track Team

Front Row: Lyron Cobbins; Second Row: Delmas Williams, Adrian Jones, Bruce Walker, Teddy Wilson, Martez Young, Danielle Jackson; Third row: Mr. Douglas, Theo Bass, Michael Mathis, Andre Riggans, Lydell Livingston, Mr. Bertholf; Fourth Row: Mr. Haddock, Michael Bryant, Mr. Stamps

"After the first day of events at State we were behind. Saturday we had to have an almost perfect day to win and we did."

Coach Bertholf

Individual State Meet Results

Name	Event	Place
Adrian Jones	Triple Jump	First
Martez Young	100 Meter Dash	First
Darryle Jumper, Bruce Walker, Adrian Jones, & Martez Young	4x100 Relay	First
Adrian Jones	300 Int. Hurdles	Second
Lyron Cobbins	Discus	Third
Adrian Jones	Long Jump	Fourth
Teddy Wilson	Triple Jump	Fifth
Lyron Cobbins	Shot Put	Fifth

For more track info. see page 114.

Friends ...What do they do?

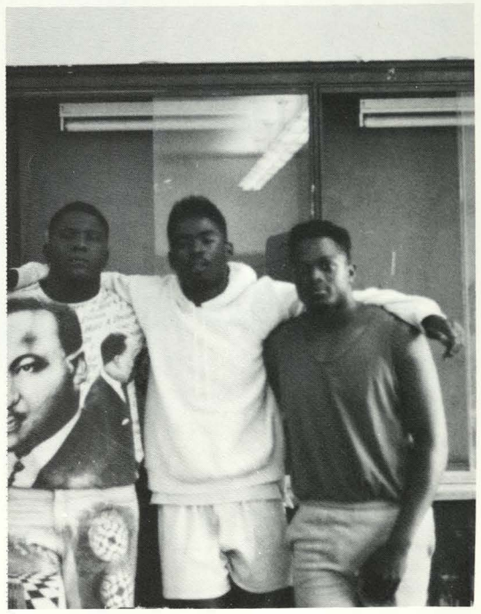
Define a friend? A friend is someone who is there for you, someone in which you can depend on.

Sal Wakefield, Amos Pickens, Brian Nelson have been friends since they came to Wyandotte their Freshman year. Sal says, "A friend is a person that you can talk to about personal things."

Nicole Pearson and Cynthia Harris have been friends since they meet in sixth grade, at Northwest. Cindy and Nikki have never had an argument over anything that will jeopardize their friendship.

Stacey Norwood, Brianna Williams, Bridgette Richardson have been friends all their lives there is nothing in the world that could tear them three apart.

"There has not been any kind of conflict between the three of us," said Bridgette.



Brain Nelson, Amos Pickens, Sal Wakfield have been friends since 9th grade.

Stacey Norwood, Brianna Williams, Bridgette Richardson have been friends all their lives.

Here's Rudy

Rudy the Bulldog attends home games, pep assemblies and other school events. Here is shown at the Homecoming game in his finest attire.

COLORS

Are they worth dying over?

Gangs are like racism, fighting over a color. If there were no gangs there wouldn't be that many deaths.

Where ever you go there will be a gang. What is the point of fighting over a color? Why would you want to die over a color? A lot of people say, "I can't get out of the gang". But you could if you never got in it.

Think of your family. Are you ever going to have one? Red, Blue, and Black are colors just like Yellow, Orange, and Pink. Gangs are Organizations,that don't mean to kill someone over a color. Think of yourself lying in the grave yard with your name on the tombstone, and in the paper it say's "Teenager Killed Over A Color! THINK ABOUT IT!

By: Kathy Farris

What About SADD at Wyandotte High School?

By Michelle Parker

S.A.D.D. Means Students Against Drunk Drivers. What happened to this program at Wyandotte? For some reason it just stopped. No one really knows why! One of the reasons we don't have SADD is because no one wants to help or has the time to help sponsor it.

There are a lot of students at Wyandotte that wish we could have Project S.A.D.D. back. But how?? Every year many people are killed by drunk drivers, or is killed as a drunk driver. What for? Just because they went to a party or to a bar and no one would stop them from driving, and what was the cost? Either someone young or old was killed or seriously injured.

Not every drunk driver makes it home when drinking & driving. Occasionally there are a few that are lucky, but they are still putting that risk out there!

Think of it this way, what if your best friend in the world was at a party, got really, really drunk, and no one stopped them from driving? Then at five o' clock in the morning you got a call saying that they were seriously hurt or killed! How would you feel then? Knowing that you didn't even try to stop your friend ? Or what if your family had a night out to eat and a movie. Then you were on your way home, and B A M!!!!!!!, a drunk driver hit your car. Both of your parents were killed, and you, your brothers or sisters were hurt really bad? Don't you think you would be wishing that someone would have stopped them?

Next time you go to a party, watch who you let drive home! If you don't it could be you or someone you know that Mr. Stewart tells Wyandotte High School, has just been killed or seriously hurt!

Why Do Bullgogs Think we Need This Program?

Julie Wenrick
"Because, all people out driving drunk aren't just risking their own lives, but others lives also."

Dereck Lane
" It is a good program, but it isn't gonna change people's minds until something drastic happens to themselves or someone close. That's when this program will really be helpful.'

Lindsay Gilman
"Because I've had friends killed by drunk drivers. I think this program might help from that happening here at Wyandotte."

LaTina Akins
"Because a lot of our students think they are mature and can handle a couple of drinks, but really they aren't because they aren't as mature as they think they are."

Rochelle Campbell
"Because I feel students need to be aware of what's going on outside of school with other students and I think that SADD will encourage a lot of students here at Wyandotte to participate in this program. IT MAY SAVE STUDENTS LIVES AT WYANDOTTE HIGH SCHOOL!!"

Aimee Allen
"I feel a program like SADD would be very beneficial to everyone in the school. People need to be more responsible and quit taking other people's lives into their own hands by drinking and driving."

Yara Duran
"Because a lot of people die in car accidents and we want to prevent students from dying because of drunk drivers. Just because someone got a little carried away one night doesn't mean they should risk anyone's life, NOT EVEN THEIR OWN!!!"

Chris Williams
"Because you may be able to get more points across to students by showing examples."

Rhonda Nelson
"Because may be students can relize that there are to many people dying and they will think twice before driving drunk."

Mrs. Kirkwood
"Because I know many of our students drink. So I think this program will make them think twice."

Wyandotte's 1993 Sweetheart Dance

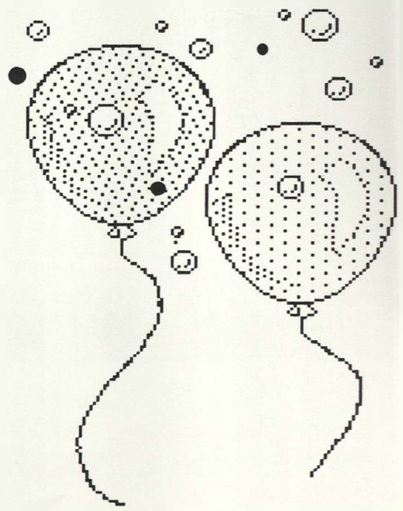
Who did you come with?....For real?....I came by myself too! These words could be heard all over the east cafeteria February 6, the night of the dance. Besides the conversation of who came with who, other topics of talk were who won for Sweetheart candidates and who danced with who.

Sweetheart candidate winners for the freshmen were Aaron Lasley and Etinette Holmes, sophomores were Stacey Norwood and Duane Brently, juniors were Eboni Hoilett and Eric Holmes, and seniors were Lyron Cobbins and Erika Galicia.

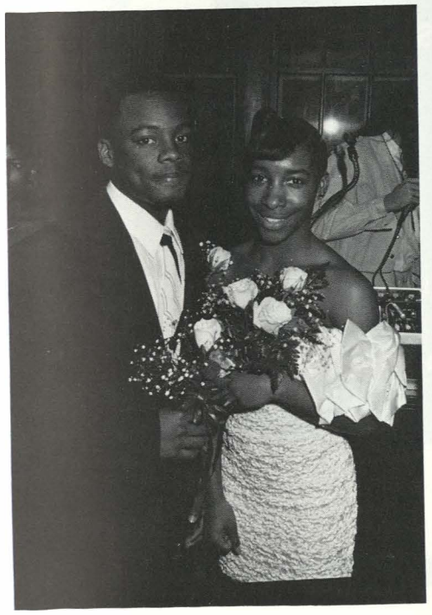
For many the dance was not all that they thought it was going to be. For starters, the D.J. didn't play the kind of music that Wyandotte was accustomed to. Such as, Wyandotte people listen to Dr. Dre and "Rump Shaker" by Wrecks-N-Effect. However, that's not what he played. Songs that were played were country and not in style. Still, when a fresh song did happen to come on many got up out their seats and went to go kick it on the dance floor.

Another disappointment that came to people as they got to the door was that they could not get in. As in the past dances at Wyandotte, people could and would wear jeans and T-shirts, but not this time. Those that were not dressed in formal wear and proper attire were simply rejected and sent on their way. All these disappointments did not get the hype crowd down though. From 8:00 P.M. until the dance was over with at 11:00, you could still see people dancing and shaking their thing. Although this dance was not all that for some, especially for those that had seen their boyfriends/girlfriends with someone else, their will be other dances at Wyandotte that will move the crowd.

By Confor Thomas



The Senior Sweetheart Queen winner is Erika Galicia. Lyron Cobbins (not pictured) was the King winner. Here Erika is pictured with her date for the evening, is William Estell.



Winners for the juniors were Eboni Hoilett and Eric Holmes.

Aaron Lasley and Etinette Holmes were freshmen Sweetheart winners.

The sophomore Sweetheart winners Duane Brently and Stacey Norwood smile at the camera.

I Missed The Bus Oh..I Missed The

Story by Nedra Williams, Confor Thomas, and Rhonda Sutton
"I Missed the Bus" is a popular song by the rap duo Kriss Kross.
Their song has people everywhere shouting "I missed the bus."
Not in this case. Instead of missing the bus, there was no bus.
In the eyes of some students here at Wyandotte they think that we should have an after school bus for those students who have after school activities. Lydell Jefferson, a junior, said yes when asked if we should have an after school bus. "All students don't have the luxury of living within walking distance so I think that there should be a bus that goes toward 10th or 11th street and one that goes toward 62nd street.
As a result of not having a bus, some students are unable to participate in school activities such as football, cheerleading, basketball, and other sports. If a bus was to be in effect, Wyandotte could have more dedicated teams, since transportation would be no problem.
Janeece Zugelder, a sophomore, replies,"I think there should be a late bus because a lot of people have after school activities that the teachers want you involved in and they can't get home or they are waiting on rides or walking."

Some people are more fortunate than others when it comes to certain things, and having an after school bus should be a top priority when it comes to a student's education and self-projection. All these things may not seem important, but school activities such as the ones after school help make new friends and also helps the student to get more involved to become a better person.

By Confor Thomas

This is an automobile. A mode of transportation that some do not have. This is one reason why we need an after school bus so we don't have to wait until we have a car to participate in after school activities.

TaNeise Jones and Patrice Wilson are standing around looking, at whats going on in the hall.

Passing of Time

What do you think of when you hear the sound of the bell at the end of each class period? What comes to mind is it time to talk to talk tomy friends about different things that went on in my last class and people running through the halls trying to make it to the student store to stock up on candy and Doritos before the bell rings. Other people feel different about the sound of the bell. Junior, Delmas Williams says, "I just like the fact that class is finally over and I have time to see and talk to some females".

Passing time at Wyandotte High School, as most people would say is very fun. You get to hear talented Bulldogs singing, friends talking among themselves, people arguing aabout stupid stuff, and other things that young teenagers do. For example, being with that special person in your life, you know the one that you spend "Quality Time" with.

Some of Wyandotte students feel that their freedom of choice has been taken away. If you don't know what I'm talking about, I"m speaking in terms of the new locker policy. Junior, Amy Soptick says, "The locker policy isn't really helping to decrease the number of tardies to each class". People will stand in the halls and talk as long as they have mouths to do so. So, in other words the policy isn't working out.

PEP ASSEMBLYS GET ROWDY

Pep Assemblies are designed for the students enjoyment They give the Bullgog fans a chance to show there enthusiam and school spirit. All pep assemblies are open to the whole student body. Most of the assemblies cost fifty cents.

Most assemblies start with the cheerleaders leading a class competition chant and a cheer. When the cheerleaders do class competition chants it motivates the students with spirit. Followed by a dance from the drill team.

The teams that are competing that evening are recognized and sometimes rewarded for something they have accomplished. Some of the senior team members get together and do a special performance.

The cheerleaders are sadly cheering while their picture is being taken.

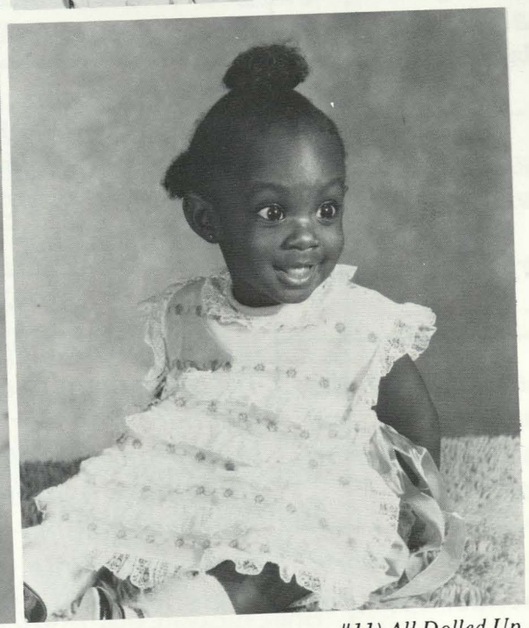
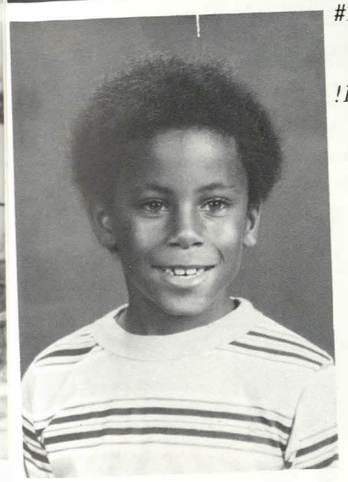
#10) Little Sailor Girl



#11) All Dolled Up



!12) Those Hazel eyes

Here's Who: 1) Vernon Yeager. 2) Amy Smith. 3) Mattie Brown. 4) Manomay Malothip. 5) Tonya Reed. 6) Sara Phelps. 7) Joanna Williams. 8) Lynnette Fields. 9) Stacy Fuller. 10)Anissa Crockett. 11) Alexis Brown. 12) Lamont Richardson.

STUDENTS SPEAK OUT

The following students and staff were asked what they liked and disliked about Wyandotte. This is what they had to say:

" I like that most of the teachers and counselors are friendly. You get to meet as well as learn new things." Marlianna Glenn, Junior.

" I like some of the teachers who really care about our future in this world. " Takisha Forte', Junior.

"I like some of the students that go here, and some of my classes." Kim Horn, Senior.

"I like Mrs. Meyer's classes." Michael Bedford, Senior.

"I like the breaks." Angela Baty, Sophomore.

"I like some of the teachers and students." Toya Barnett, Senior.

" I like three months off for vacation." Mr. Alexander, Teacher.

"I would like us to have more assemblies and more activities." Anitira Witt, Junior

"I like the vacations we get." Joellen Lynch, Sophomore.

" "I like my peers; diversity of the students I have in my classes; the architecture of this school; STUCO." Ms. Kamper, Teacher

" I like that Wyandotte is a very diversified school. There are many exceptional teachers who work hard to teach useful skills for students to use later in life. Teachers helping teachers helping students. I like the students best- they are hungry for new information and are grateful when they can use what they learn." Mrs. Meyer, Teacher

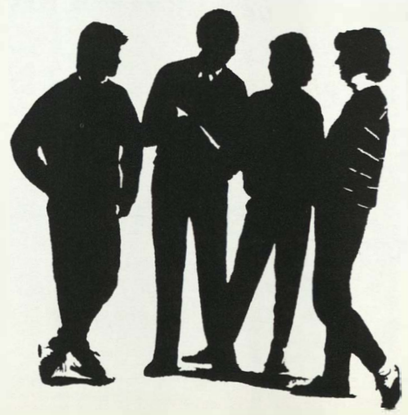
" I like to meet ne students who I don't ha in class and I like wh students are prepared participate." Mr. Ola Teacher

"I like the way so people treat you and t way Wyandotte kno how to party." Lakeis Colon, Freshman

Rita Morrow like s th way, "the day goes b fast and I don't have t look at the same teach every hour."

" I like the fact that Wyandotte is alot bigg and safer than midd school" John Urquh freshman

Willena Grant freshman, likes "lots o friends and goo company."



"I dislike the way everyone is punished for the stupidity of others."
Kim Cushenbery, Senior

" I dislike the new tardy policy." Gabriela Cereceds Senior

"I dislike noise in the classrooms and halls, disrespect of teachers and staff, all of the paperwork." Mrs Sallee, Teacher

"I dislike the teachers who don't teach as well as they should." Rhonda Harrison, Sophomore

Rose Kemper, Sophomore dislikes "Competition between kids and the rules of the school."

"I dislike the lack of school spirit, the lack of respect and responsibility, inability to communicate on a mature basis with a fellow person." Mr. Gaylord, counselor.

"I like the freedom we have and the teachers help you." Etienette Holmes, Freshman

"I dislike not having white boards instead of chalkboards." Miss Simms, Teacher

"I dislike the fact that some students who are not more concerned about getting to class on time and are not putting forth the effort to make good grades." Mrs. Wills, Counselor.

Mrs. Lawler-Brouws dislikes irresponsibility.

"I dislike double standards and lack of discipline." Mr. Alexander, Teacher.

Lester Nunnally, Senior, dislikes, "silly and immature people.

"I dislike the fact that everytime something happens, the whole school gets punished instead of just punishing that particular class, or just punishing the people who disobeyed. Most of all I hate that nothing ever goes on such as activities during the day, or maybe even once a week. Nia Taylor, Senior.

"I dislike the administration and the faculty." Johnny Hayes, Freshman.

"I dislike the freshman core program." Brian Hernandez, Freshman.

Mr. Fund, Teacher, dislikes "not having carpeted classrooms."

"I dislike the raggedy lockers." Adrian Jones, Freshman.

Story by: Stacy Fuller and Lynette Fields.

Close Up-- January 16th-23rd, 1993

Close Up..... what exactly is it? Close Up is a week in Washington D.C. experiencing first hand how our government works. This years Close Up participants were: James Harris, Shao Her, Stacy Fuller, Karen Wenrick, and sponsor Mr. Young.

From start to finish, this years Close Up tirp was most exciting! The week got off to an awesome start when Close Up students attended the Liberty Bell Ringing ceremony where they saw Bill Clinton, Michael Bolton, Kenny G, Aretha Franklin, Ray Charles, and many many more.

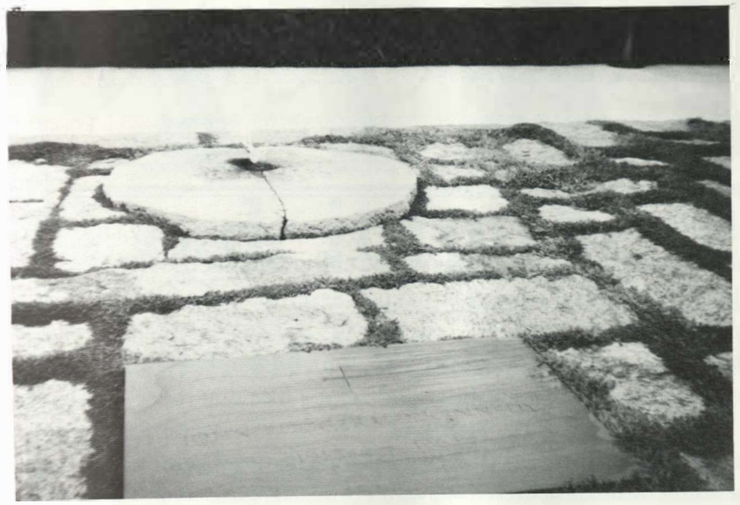
Next up was the American Gala which only a limited number of students could attend. The students from Wyandotte who got the honor of attending this Gala were James Harris and Stacy Fuller. They saw such stars as James EarlJones, Michael Jackson, Sally Field, Goldie Hawn, and Warren Beaty. The American Gala was a show put together to welcome Mr. Clinton into his new role as President.

Finally, the biggest thrill of the whole week, INAUGURATION!! People lined the streets, packed the lawns and blocked the sidewalks to see President Bill Clinton get sworn in.

This was definatly the most memorable week of our lives. It will be one experience we can take with us and use as we enter the future

By: Stacy Fuller

This was the sight for Friday nights student Gala.



The eternal flame burns bright at John F. Kennedys grave in Arlington National Cemetary.

From left to right: Karen Wenrick, Stacy Fuller, Mr. Young, James Harris and Shao Her take time out of their busy schedule for this quick pic.

James Harris is all smiles as he heads home after the fun filled week in D.C.

WHERE'S THE SPIRIT

Where's the spirit at Wyandotte? Some may say," Just look around." Others may say, "You'll have to look hard to find it." Both are so very true. What really happened? The Seniors and Juniors can remember a couple of years ago when we had pep assemblies and lots of school spirit. But were did it all go?

Also, Wyandotte doesn't show spirit on "Red & White" day, which is on Fridays, why's that? Some people say that if we could have pep assemblies and things like that there would be more spirit.

What are the Bulldogs of today going to tell the Bulldogs of tomorrow? They'll say things like, "some of us had to work, or some of us didn't have ways." Those are good, but, what are you going say when they ask, "What about during the school days??"

Also, Bulldogs don't see very many teachers getting into the spirit. Why? One teacher said that about three years ago the principal went around to see if the teacher had red on, on Fridays. Why doesn't the principle still do that? One reason maybe because he's too busy with those students who want to cause trouble, instead of those students who want to learn, help and have fun.

When you look at the games for Wyandotte students, it's hard to find them. There are really only three games you'll find Bulldogs hyped up for. Those games range from the Homecoming football game, followed by the dance, then for basketball games against Washington and Schlagle. Hopefully in the Future we can find SPIRIT in BULLDOG COUNTRY!!

"Do You Remember"

Class of "93

1) Brian Nelson- School spirit used to be hype. Everyone used to be into it. No one was ever quiet or sitting down in there seats, we need more pep added back to our school.

2) Kenneth Craven- I remember **BIG ROWDY PEP ASSEMBLIES** when all of the classes were **excited** and **enthusiastic.**

3) Vernon Yeager- I remember that the good times that made us laugh, out weighted the bad times.

Class of 94"

1) Tina Baker- What School Spirit? The little posters and the cheerleaders? We don't have pep assemblies, Why Not? Because the principal doesn't let us have them. Let us have a few things in life or we will be ashamed to say,**"I GO TO WYANDOTTE!!"**

2) Arturo Lugo- The Red Days, school movies and all that kind of stuff. I think we should have more activities like those.

#4) Amy Smith- When there were a lot more pep assemblies and a lot more **SPIRIT** from all the classes.

at WYANDOTTE?

By: Michelle A. Parker and Nena Morsden

Look into the FUTURE

Class of "95

1) Hope Gray- Get into more activites and have more pep assemblies

2) Regina Morrison- To Get More **PEOPLE INVOLVED**

3) Janeece Zuegrlder- More Pep Rallies and a Bigger SPIRIT CLUB

4) Shontez Harden- Just by encouraging my peers to go to the games, and wear **RED and WHITE** on Fridays.

5) Julie Wenrick- More participation in school activities and more pep assemblies.

6) Lori Cowhick- Have more Pep Assemblies.

W H S

SPIRIT

Class of 96"

1) Erica Lee- Set More Examples

2) Robert Parker- I think people would have more school spirit if more of us would participate in school activities

3) Christine Phillips- Have more pep rallies and onlypeople who don't start problems come to the pep rallies

4) Mandisa Foster- By having more school activities, and in order to get in you must wear RED and WHITE and cheer really loud.

5) Rashanda Robinson- Improving a positive attitudes about it (spirit) and no put downs and if you do keep them to your self.

With school spirit going down the tubes. A new a improved spirit is taking over. *(CLASS SPIRIT)*. More and more students are catching the spirit of their class. Items Such as key chains and tee-shirts are very BIG. Some teachers and faculty feel this new spirit is a disruption to their classroom. While others feel it promote students to stay in school. So if you think your class is number one SHOW IT.

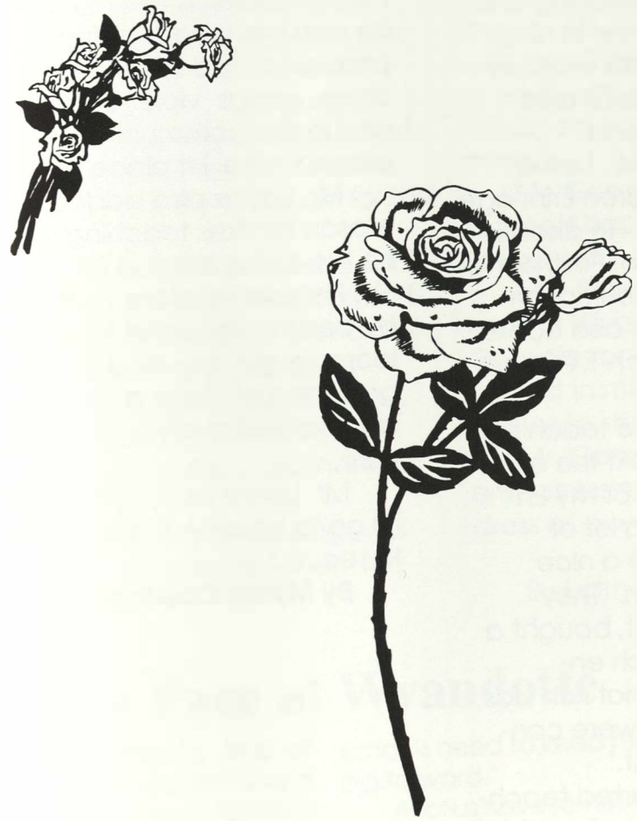
THE MIND BEHIND THE

The drill team and band get rowdy at half time. (photo by Stacy Fuller)

In Memory of Leo Schwerdtfeger
Dedicated Teacher at
Wyandotte High School
for Many Years.
He will be missed.



New Teachers at Wyandotte

What do students really know about their teachers. Well here's a teacher who sounds interesting to have: Mr. Larive.

He said he loves teaching and it's really the driving force in he's life. He also said he gets to share and exchange new ideas and philosophies with students.

On his spare time Mr. Larive play's with his two children Erin, age 8, and Megan, age 6. He also like to play chess, Nintendo, Ping pong. and read books (science fiction and police stories). He also cooks, cleans the house, watch T.V., and grades papers.

His best year he had teaching was last year. He said,"At the end of the school year one of my English classes saved up a lot of money and bought me a nice present of a wrist watch. They wrapped it as a present, bought a card and had the watch engraved. This class was not rich kids, but very poor kids who were considered for dropping out."

Before Mr. Larive started teaching he was an Assistant police chief for 8 years and he also had a private counseling practice as a therapist.

Mr. Larive spent the last 4 years teaching high school in California 40 miles from Los Angeles. He also said the needs of high school students are different today than they use to be. He said, "Students major problems use to be academics and boyfriend, girlfriend dating problems. Today problems such as drugs, gangs violence at home and in the community, aids and alcohol take 1st place."

Mr. Larive also added the main reason he likes teaching is because he like being around kids.

He said he plans to retire only by death. He wants to teach, learn, laugh, cry, and continue to grow and change both personally and professionally until the day he dies.

Mr. Larive said, "When I die and if I go to heaven I'll still be allowed to teach."

By Myron Courtney

Mr. Gonzales, the Man Some of Us Know and Love

Mr. Gonzales is a new teacher at Wyandotte. Mr. Gonzales' past experiences include being a substitute for other schools.

Mr. Gonzales teaches Core 2. which is a ninth grade core. He also teaches Language Arts and is Asst. Coach for the wrestling team.

Mr. Gonzales says, "He enjoys coaching." He also comments, "I feel comfortable coaching." He adds, " I especially like teaching the ninth grade core."

Mr. Gonzales says he became a teacher because, "I felt it was my responsibility to build better student's for our society."

His work also includes working with Mr. Russell, another core teacher. Mr. Gonzales likes to show students what he knows. Mr. Russell comments, "We work well together and Mr. Gonzales is easy to work with." He also says, "Some students' act like they actually learn something."

Mr. Gonzales stated, "he relates to students because he can speak their language."

Mrs. Fisher is another new teacher here at Wyandotte. She says that "Mr. Gonzales only has the students best interest in mind." Maybe that's how he relates to students.

Mr. Gonzales mentions that the most embarrassing thing he ever did was to dress as a woman for Halloween.

By Edith Brazeal

A New Face at Wyandotte

Mrs. Simms is one of many new teachers here a Wyandotte High School. She teaches math on the second floor in room 240. She graduated from Mid America Nazarene College in Olathe, Kansas.

So far, Mrs. Simms' first year at Wyandotte has been good. "I like my students and the beautiful architecture at Wyandotte," said Mrs. Simms. She's not sure what needs to be done to make Wyandotte a better school. She says "All schools need to keep moving forward."

All of us have some idea of who we want to be like when we get older. "My high school geometry and pre-calculus teachers were both great teachers, I wanted to teach like them," Mrs. Simms said. She says she has good class room structure in four out of five classes, but her goal is to keep improving.

Simone Emery, junior, says that she likes her class, but she thinks some of the students are disrespectful, because they think that they can rule her because she is new.

Simone says she thinks Mrs. Simms is a very good teacher, but could stand a little improvement. "She could try to break the problems down so the students can get a better understanding," said Simone.

Just because you may have a new teacher, doesn't mean that you can treat them differently. It's time to start giving all teachers the respect they deserve.

Ms. Bandstra: hard-working teacher

Being a teacher seems like a very hard job, especially when having to deal with more than one hundred students.

English teacher Gloria Bandstra says that the best thing about teaching is watching students learn as they discover that they can accomplish the task. She also said that she would like to see her students think for themselves.

Teaching was always Bandstra's first career choice because she didn't want to be a secretary or a nurse. She also replied that when she was in elementary school she would help the teacher out with the students.

Ms. Bandstra thinks that we have a good student body, but we're not getting credit for our work or good attitude. She also has doubts about being a teacher because of low pay, homework and lost weekends.

Bandstra said that for improvement in classroom, "(Students) need to accept responsibility for their own learning, and they have to realize school is hard work and not entertainment and school should come before work".

For the first time in 30 years Ms. Bandstra has not been involved in any extracurricular activities this year. To help students understand how to work she, "I teach by example, explain it, if possible I try to help them work through problems themselves."

She also feels that half of her students have positive attitudes about either themselves, the class or both.

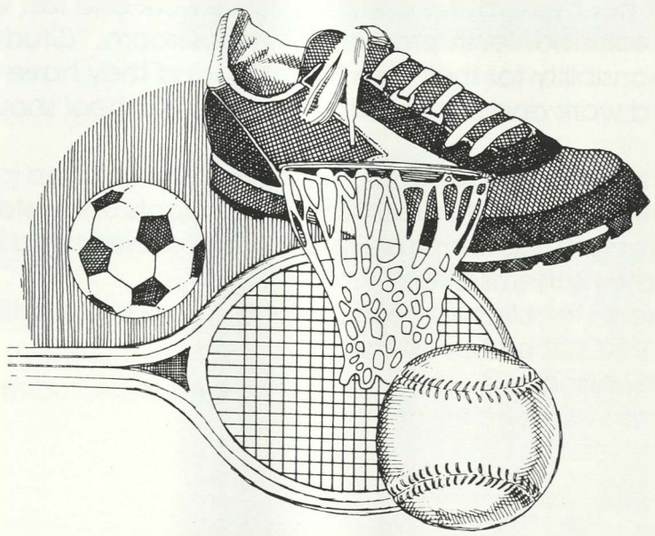
Physical Education

Physical Education: Mr. Handley, Mrs. Smith, Mr. Bertholf



Gym Teacher has years of experience

MR. BERTHOLF

Mr. Bertholf is the P.E. teacher here at Wyandotte and the head Track coach.

He says coaching track and teaching P.E. are alike in some ways. "You have to have discipline in both,
you have to attend class to earn a grade in P.E. and you have to attend practice to run in a meet in track," said Bertholf. "But you have to work harder in athletics than you do in P.E.."

Mr. Bertholf has been coaching track at Wyandotte for 17 years. He says track is the best conditioner for any other sport. "It builds strengh, endurance, flexibility, and agility," Bertholf said, "It can be a good conditioner for basketball, cross country, football, and wresling."

Besides coaching cross country, track, and teaching P.E., Mr. Bertholf is also the a sponsor of the Fellowship of Christian Athletes (F.C.A.). He has been a member since 1967, and has been working with F.C.A. at Wyandotte for 16 years. Mr. Bertholf said, "The F.C.A. helps develop students and athletes into leaders and make them better examples for other students."

He said, "It also helps them to work to the best of their abilities in athletics and helps them to be more coachable. It will give them leadership in the classroom as well as in athletics."

In physical education, students do many different activities. They swim, play football, softball, soccer, weightlifting, and play volleyball. Mr. Bertholf said he enjoys his work because he enjoys working with kids and teaching a class where they do activities helps him to stay
young and to stay in shape. He likes teaching P.E. more than teaching in a classroom because he likes the flexibility and moving around more and he likes being active in a gym rather than sitting in a classroom lecturing. He says he still wants to teach P.E. when he gets older because he likes what he's doing and he doesn't expect to change. All together he has been teaching P.E. for 29 years.

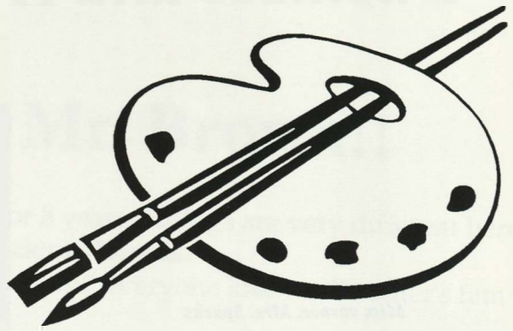
Howard Lewis poses with his favorite pinata to prepare for the foreign language festival.

Go ahead Ms. Kamper show us your winning smile!

Ms. Kamper, Artistically Inclined.



There are alot of teachers here at Wyandotte, different teachers for different subjects. Let's number them down and take a look at one, Ms. Kamper.

Ms. Kamper is a teacher here at Wyandotte, she teaches Design I, and II, Drawing, painting, ceramics, sculpture, etc.

She goes home at least 4:00 in the evening while school lets out at 2:15. She likes working at Wyandotte because she likes the students that she works with & the teachers.

"My room is located in the happen-ing' wing ," she said.

She gets along with the students very well. Her full name is Patricia Anne Kamper. In her spare time, or when she's off from work on the weekends Ms.Kamper likes to go down to her studio to do art work. She has been working at Wyandotte for two years, and she has school spirit all the way!

Ms. Kamper is a fair teacher, she says,"If your fair with that person you gain their respect."

Wyandotte's Own... Mr. Brown!!

Mr. Brown has been teaching at Wyandotte for 8 years. Things are very different here compared to when he first started teaching in Stockton, Kansas.

He said the school there had about 130 students and everyone knew each other's family.

Mr. Brown also coaches the Wyandotte wrestling team. "I like to see them progress, use self-discipline, become mature, and show respect of themselves," he said.

Coaching the team is no problem for him at all. He said he enjoys coaching, it takes time to do, and he thinks he does a good job at it.

The two things he likes most about teaching is being around young people and coaching and it shows.

"He's cool with me, and he can be funny sometimes," said sophomore Shatasha Muse.

There is only one thing he dislikes about teaching. "The problem is having to deal with kids that don't want to be at school," he said.

Most of those kids are the ones who cause problems in class, disrespect the teachers, and get sent to the office.

"I think it's sad because kids miss out on things when teachers try to help them out," he said.

Like many other people, Mr. Brown had no idea what he wanted to be after he graduated from high school. As he entered the military, he thought about teaching.

He went to college and did some student-teaching, took required courses, and practiced teaching in Garden City.

Now, he's teaching at Wyandotte High School for his eighth year. He just might be able to teach our kids if they attend Wyandotte!

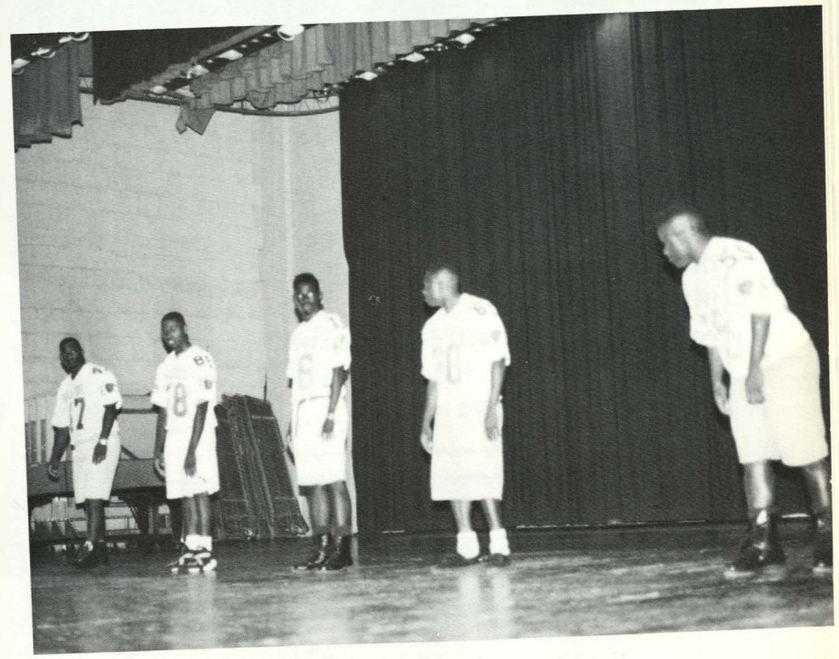
Organizations

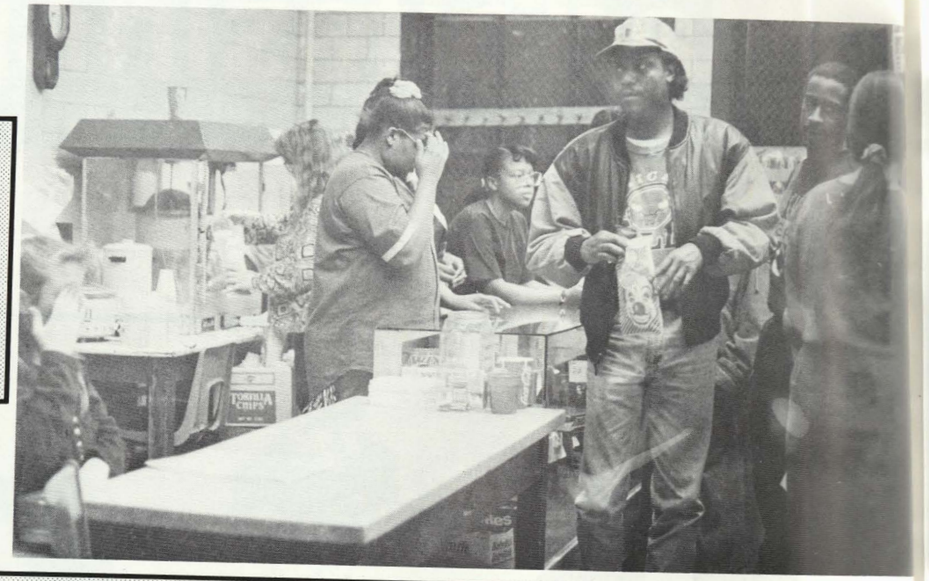
ACTION

BEHIND THE



Senior boys get ready to do an action packed routine.

Quick, stop that man with the blinding clown on his bag of popcorn!



Seniors Get Ready Early

Senior Board is a group of twenty-one students that organize Faculty Games, Passing of the Robe, Prom, and Graduation. The members of the board have been raising money for Prom since their freshmen year. Mrs. O'Hara has been a sponsor since 1989. Mrs. Cobb became a Sponsor in 1991 after Mrs. Horton left Wyandotte.

During the summer Mattie Brown and Tonya Reed called and visited different hotels for Prom. Searching for the best cost, view of the hotel, and the best space the two board members came up with the Allis Plaza Hotel . The hotel is located in Kansas City, Missouri. The Prom will be held from 8 P.M. to midnight on Saturday May 15, 1993.

How Kaycees Work

What are KayCees? KayCees are people who are supposed to hype the crowd up at home games. KayCees are also responsible for making posters and different things like that for the school building before the games. They make the hoop sign that the Varsity team always run through before home games. KayCees also do other things. They decorated and came up with the theme music for the Homecoming Dance.

The ladies feel it is their duty to make the Bulldog fans feel good. Therefore, they attend almost all the away games, and every home game we have. They come with a lot of Bulldog spirit. By:Cassandra Williams

Drill team is all smile before they get ready to shack their rumps...

Drill Team Doing Their Thang

Hey ya'll Bulldogs? Check out the Wyandottes Drill Team. It's bigger and better than it was all the other years. They are in style and ready to shake their rumps. Drill Team performed during half-time of all varsity football and basketball games. They also parparticipated in the Leavenworth and Central association parades. Such as the Amercan Royal parade and the U.S.D #500 High School Band Festival. Mrs. Copper is the sponsor and if she doesn't like the routine she makes sure it gets changed.
because she doesn't feel that the routine is appropriate. There is only one senior on drill team Barshina Wilson. When asked about being the only senior on Drill Team, her response was, "I feel as a senior its my responsibility to have spirit in "93"."

Leading Ladies

This year we have got spirit that no other school comes close to. The cheerleading squads of 92-93 has arrived and is in effect.

When you go to a game, Do you ask yourself, "Why are the Bulldogs so good at anything they do?" The answer to that question is all of our cheerleaders, audience, staff and friends are cheering them on and letting them know Wyandotte Bulldogs can not be beat.

The cheerleaders have practiced long and hard this year. I asked LaDawnna Lewis how she felt about cheerleading and she replied," It's a lot of practice, but after you know what you are doing, it's a lot of fun...

Aweeeeeee! oupsssssss! and Ha Ha ! goes a few cheerleaders as they make mistakes.

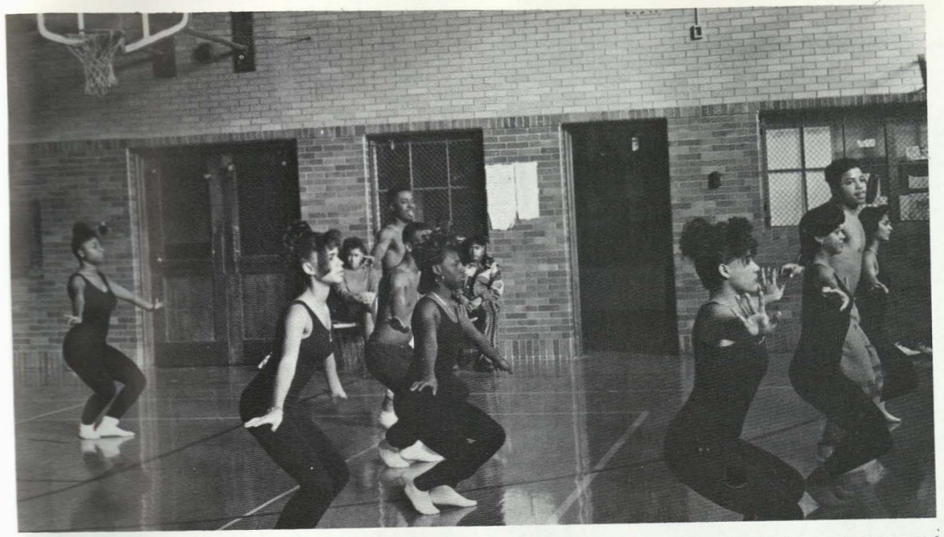
Rhythm and Dance is a class of dance and exercise directed by Mrs. Smith. They do lot of different exercises and they have to have good coordination. William Estell, Steve Harrison, (formal students who graduated in 1992.) Tonya Reed, and Tiana Ward had the oppurtunity to visit and perform at other schools. Some of the schools they visited were:

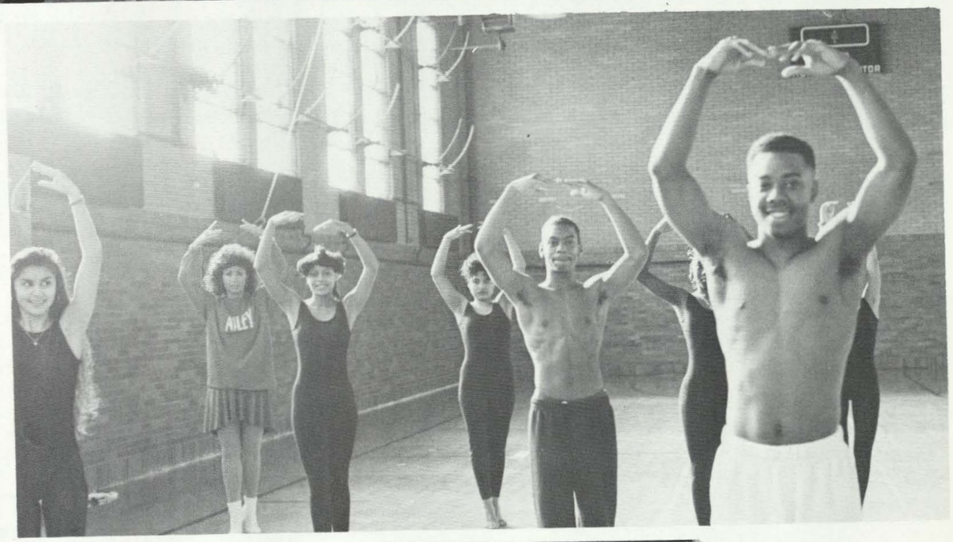
1.) Vanhorn
2.) Shawnee Mission North
3.) Eisenhower- for the Martin Luther King Jr. Assembly.

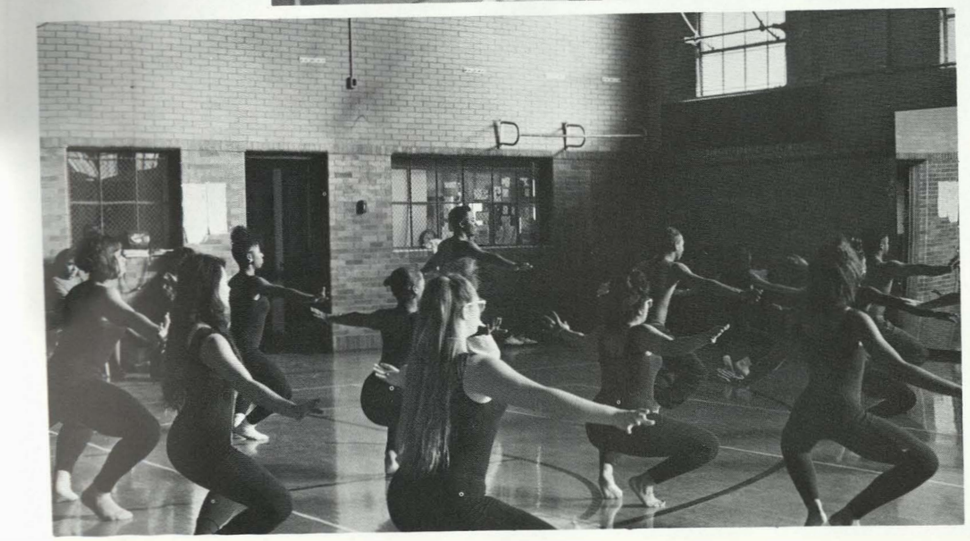
When asked what their opinion of the rhythm and Dance class, Senior Vivian Union said, "It's fun because you get good excercise and at the same time you dance to popular music.

By: Lynettre Fields

Eric Holmes, Tonya Reed, William Estell, & Tiana Ward are the only dance partners 2nd semester







Jazz -N- It Up

The 1992-93 Jazz Band at Wyandotte High School are made up of certain people picked out of the other bands, they have to be good workers and players, and also Mr. Hibler has to say you can play in the Jazz Band. During the year they went to the middle schools, along with the choir, to try and get future Bulldogs into the music department here at Wyandotte. Also, this year they played at the Jack Readon Center for a special Martin Luther King celebration.

Mr. Hibler said that for the years he's been at Wyandotte, the Jazz Band has always gotten ones in contests. Ones are the best to get, it means your performance was very good without many mistakes.

Drill Team performes while the Marching Band plays for them.

Perfect Harmony

Around five concerts a year, you can see these young ladies performing a variety of music. All these young ladies in the groups have certain places to be and a way to sing. Mrs. Wells, vocal music department says to them, "Good posture will help you sing better." As a result of good posture, we have a nice sounding girls choir.

Future Docs and Nurses

Future doctors, nurses, and surgeons take time out to discover what the medical profession can offer. This organization takes educational medical trips and have special guest speakers in the medical field. One such speaker, Dr. Ronald Myers, brought a human brain and allowed the medical careers members to touch it. "I was shocked , I didn't think it was real until he started pulling it apart," says Stacey Yeager, medical careers member. "I looked close but I wasn't about to touch it!" she adds. Another speaker, Dr. Norberto Tello, from the U. S. Army, brought flashlights and spoke about special medical scholarships. These scholarships are based on the score you receive on the ASVAB, given here at Wyandotte January 28th. Dr. Tana Brown , a physical therapist, brought appliances, such as the weighted spoon, that helps injured persons stay equipped for regular life. Dr. Valerie chow from Independence Medical Center spoke about interesting medicines and machines used to help the injured. An other machines were brought and Dr. Chow showed the proper use for it and other machines

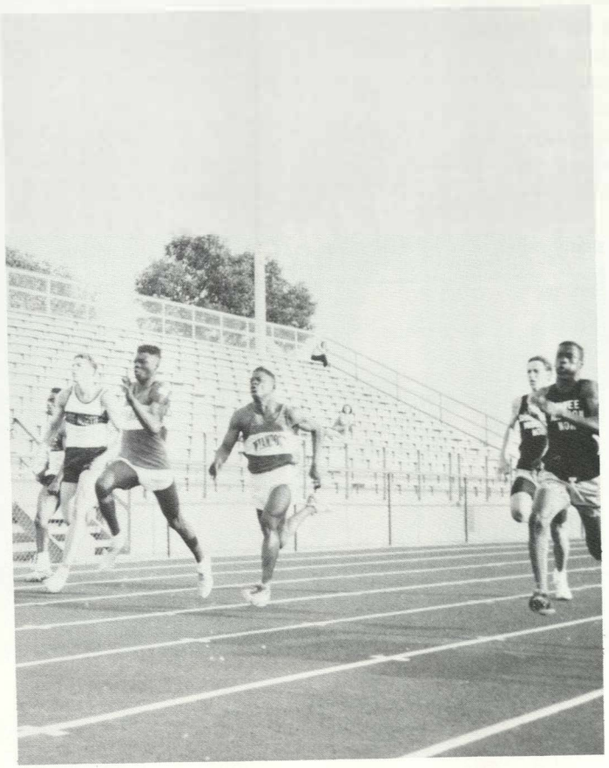
TEAMS

BEHIND THE



Behind our track team is a winning spirit.

Hard Work Does Pay Off: In Many Positive Ways

Lyron Cobbins is a name we have heard alot in the Pantograph over the past three and a half years. Mainly everything you hear is about something outstanding that he has done in a sport. This time it is no different. Lyron Cobbins has now received a full scholership to Notre Dame in Indiana. Lyron plans on majoring in Business and administration. Lyron said, "I can't wait to get there."

There were also many other students who received scholerships for their excellence in sports.

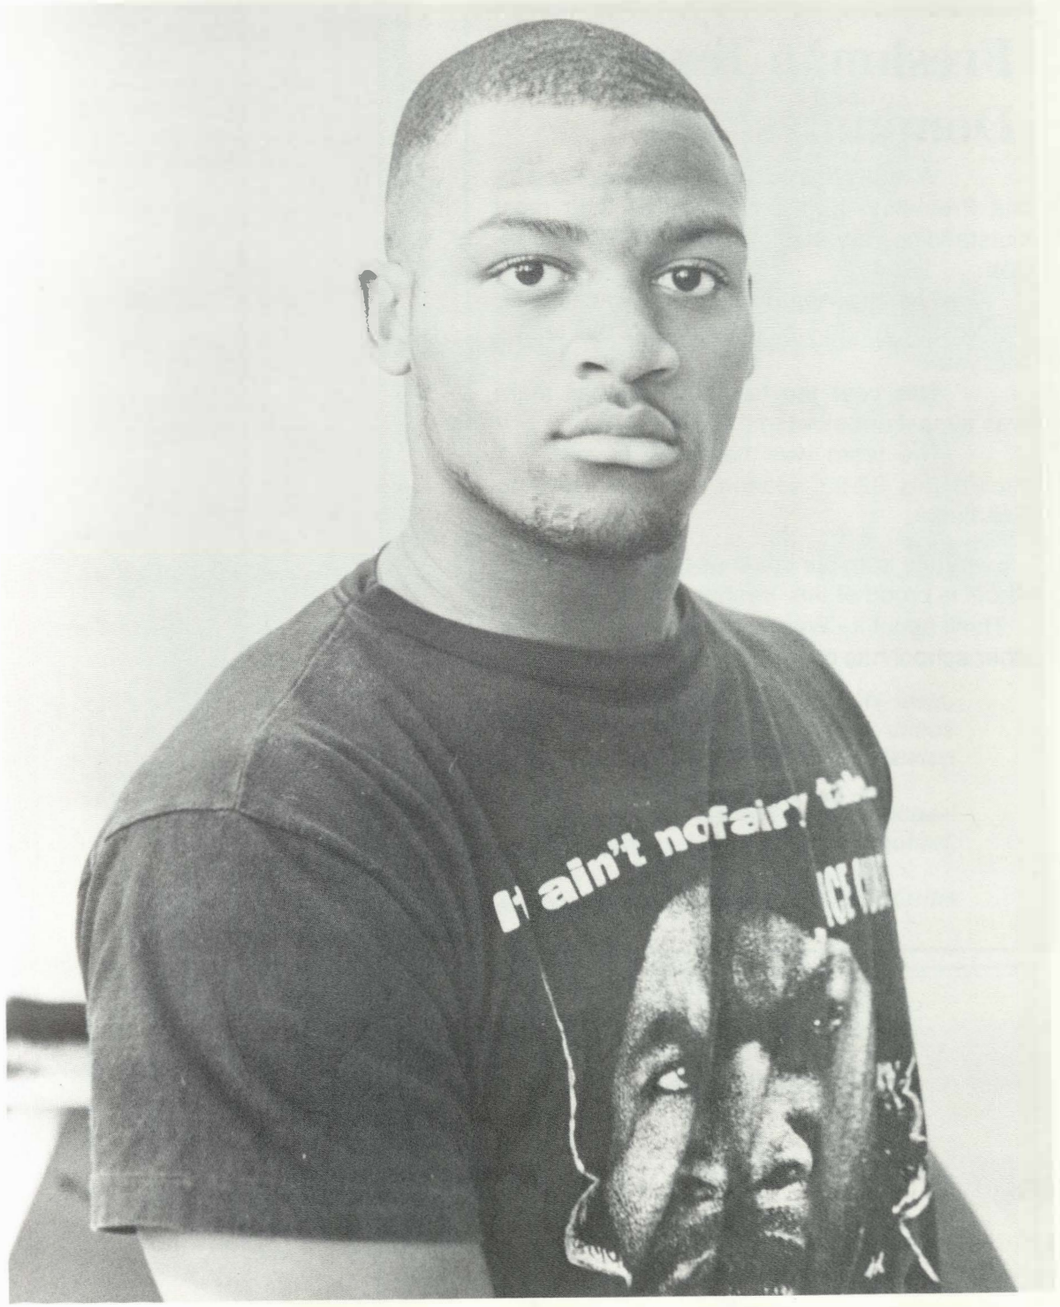
Amos Pickens & William James have received scholarships to Coffeville Community College.

Michael Dean will attend Independence Community College to play foot

> "I can't wait to get there."
>
> -Lyron Cobbins

Cobbins said he wants to win the National Football Championship before graduating.

Cobbins' achievements have been listed in *The Pantograph* frequently over the past three and a half years. Cobbins was named the 1992 Gatorade Circle of Champions Kansas High School Football Player of the Year. To add to this honor, Lyron has also been named in the Kansas City Star All-Metro, All-Kansas, and All-League teams for his performance in football.



Freshman Team Dominates

Winning more games than expected to, the Freshman BullDog team had their most outstanding year in a long time this 92-93 season.

The coaches put all effort to coaching the freshman and junior varsity foot ball teams this year.

This year the freshmen football team was almost undefeated the whole season.

The team was happy to have a 7-1 record this 92-93 season, with one loss to Schalagle.

Everyone from our coaches to the head of our school is proud of the freshmen's victories.

Think about it - Wyandotte has something no other school has got.

Y- cause our pride is

E- electrifying

S- for super spirit

J V Boys Basketball

When you think of NBA all stars, here's your guys! These young guys gave the Junior Varsity Boys team an 11-2 season, with the help of coach Alexander. With only two losses to Lawrance High School and Schlagle High School, they pulled together to win eleven games. I'm sure coach Alexander gave them a lecture for those losses. Coach Alexander says "We didn't play smart nor did we play hard. If you don't take care of those two area's you will never win many games."

Basketball is only a game, But for these guys its serious competion. The thrill of victory and the agony of defeat is what they face everytime they set foot on the court. Coach Alexander has always had these guys pumped and ready for a victory!

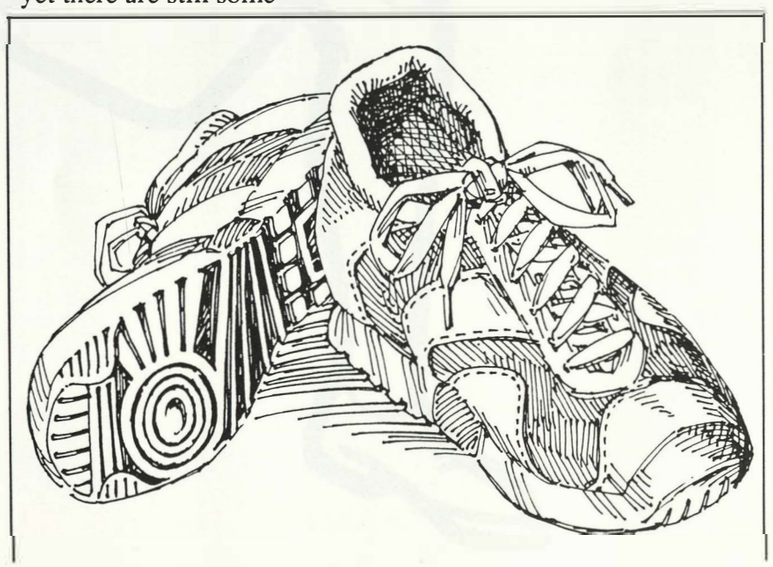
Cross Country.

What does it mean to you?

By Confor Thomas
Cross Country.
To some, these two words mean nothing but just a lot of running, being tired continuously, and doing countless number of exercises. But not for the cross country team.
To them it means and takes, a lot of dedication, preparation, and spirit to make up one of Wyandotte's winning teams. Danielle Jackson and Marlianna Glenn are two of the most well known and recognized people on the cross country team for their hard work and persistence trying to make the best team, yet there are still some members who are not so well known as Marlianna and Danielle and one of them is Evaristo Gaitan.

When asked why he decided to be on the cross country team he responded with, "My mother encouraged me, and Mr. Black, the cross country coach, urged me because they both say that I can run when I want to. Evaristo, a junior, says "being the on cross country team is a very difficult and competitve sport, however it was fun after Wyandotte took 1st place in the League Championship."



Girls cross country team has rough year

The 1992-93 girls cross country team wasn't as good as they wanted to be. The following four young ladies worked very hard to make the team:

Marlianna Glenn
Jami Watson
Cecila Lee
Michelle Woods

Marlianna Glenn was one of the best runners the team had. She won three metals for her outstanding efforts.Cross Country is very hard to win a metal in, so if your planning to run Cross Country next year now is the time to start training. The better shape your in the better your team will be.

By Kathy Farris

The Success of the Wrestling Team

The Wyandotte Wrestling team has had it's most successful season in school history. They have won 5 tournaments, placed 2nd in 3,and they have had a 14-1 dual record. The five tournaments they have won are the Wyandotte Invitational, Piper Invitational League, Wycol, and the Regional Tounament. They took 2nd in the Wichita Bishop Carroll tournament, and the Wichita North tournament. They also took 2nd in State, which is the most important tournament and the biggest tournament.

The members of the Wyandotte wrestling team are: 103 Walzel Evans, 112 Fred Thomas, 119 Durand Womac, 125 Derick Lane, 130 Wayne Locke, 135 Da'Ron Lane, 140 Jason Jackson, 145 Paul Lewis, 152 Tim Dupree, 160 Sal Wakefield, 171 Damon Guliford, 189 James Ash, HWT Eric Thompson. Out of these 13 only 5 will be leaving next year and 9 of these wrestlers will be returning.

Derick Lane has wrestled with the Wyandotte team both times they took 2nd in State. Derick said he knew the team would do good because of the talent we had coming out. He says they did good because they worked hard at practice and they were determined to do good. He thinks the team next year should do just as good or even better than this years team. He doesn't think the lost of the 5 seniors should effect next years team. "With the type of season we had this year and the people we have coming back. Our 9 returning men should be confident that they will have a good season," said Derick Lane.

Sophomores Moving On

The Sophomore Boys Basketball team didn't do very well this year. They struggled a little bit, but next year they said they will kick some "butt". So all ya'll other schools watch out because these boys are coming out strong, and will be ready to take Wyandotte to the Championship.

The boys said that this year went to fast and they weren't ready for basketball when it came around. They played to the best of their ability at the time. Even though their record was only 3-8, next year they will be ready to take Wyandotte all the way as Juniors.

By Cassandra Williams

Record 3-8

Doing What Needs To Be Done B-Ball

The Varsity Basketball team this year was better than our football team. The almost made it to State, but they lost at Sub-State at Blue Valley. The team went through a lot. They had to play without having a lot of school spirit from the school. The only games the students came to were the ones against Washington and Schlagle, and even then they were cheering for the other school. Which wasn't very good.

When asked how he felt about playing wants to play for a school that doesn't have any school for Wyandotte, Senior, Pat Mitchell, replied, "I really enjoy it, except we don't get enough support from our peers, teachers, or parents. Only a few parents come out to watch their child play."

I think that at the rate we're going we won't have a varsity basketball team because no one spirit. Other students have said the same thing.

By Cassandra Williams

91-92 Track Team

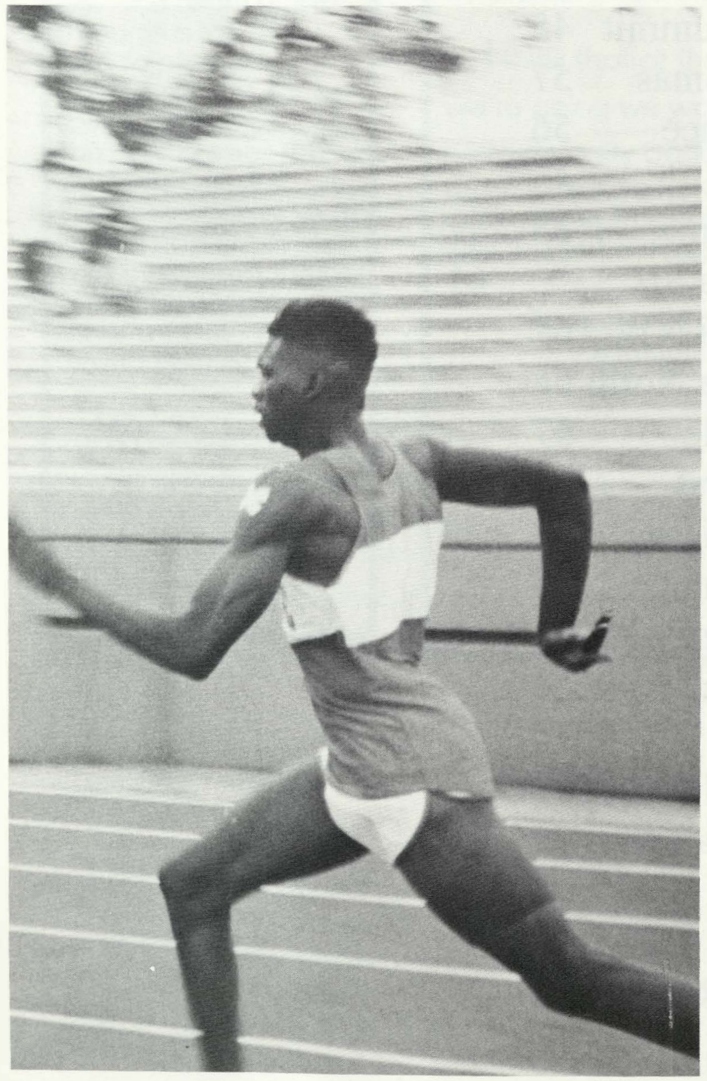
The 1991-92 track team started off good and ended great as state champions (see page 16).

The young mens' team also won the following meets: Leavenworth, Triangler, and Regional . Several individuals also excelled throughout the season.

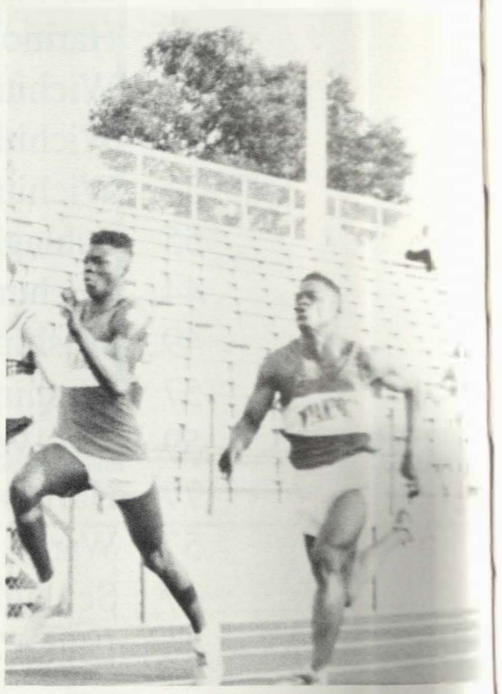
They worked very hard to get what they wanted. Coach Bertholf said this year's track team could be even better if the ones that come back work harder.

So listen up young men, if you want to be a track star you got to be ready to work.

By Kathy Farris



Run, run, as fast as you can, you can't catch me I'm Martez Young!



Wyandotte runners running hard to get to the finish line.

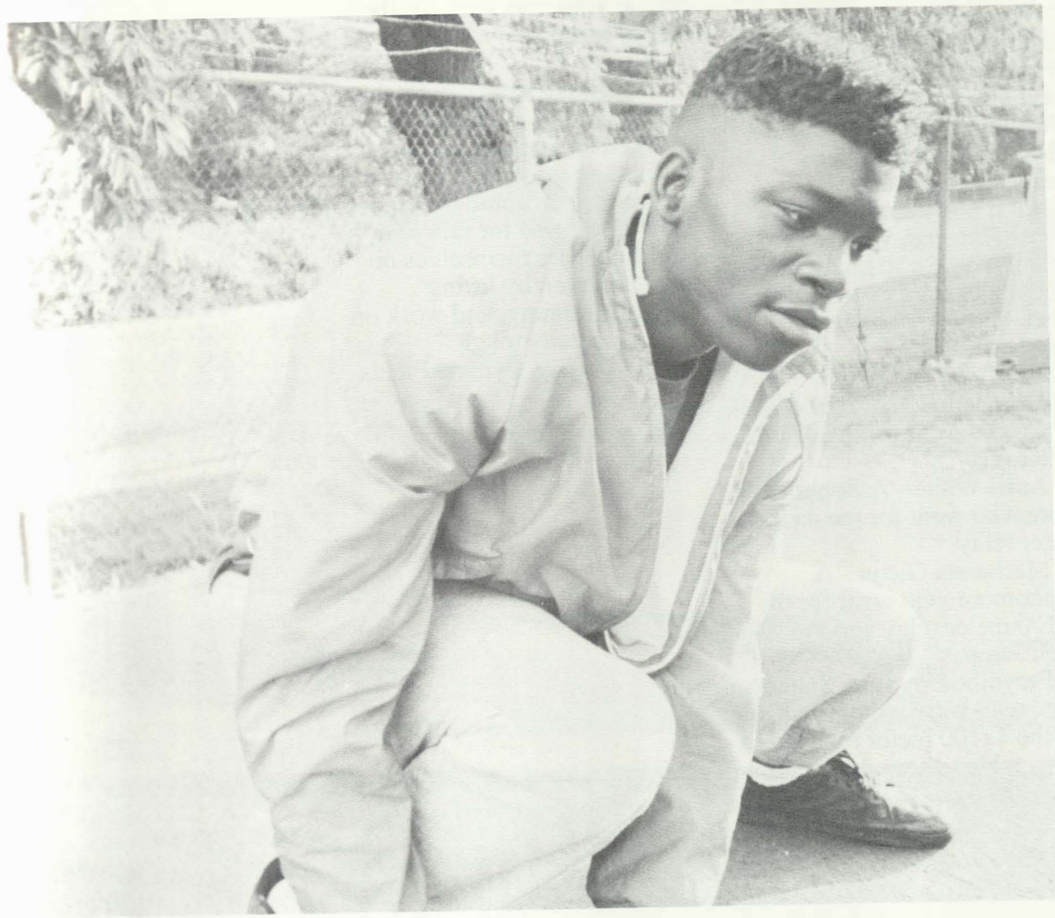
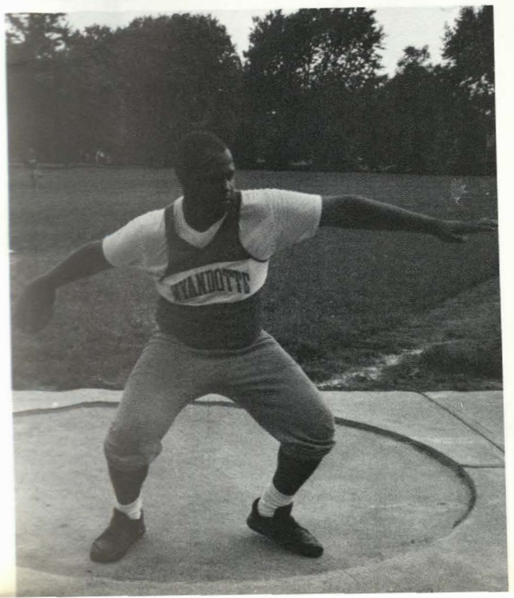
Andre Alexander, Michael Bryant, Jeremy Cooperwood, Willie Gordon, William Gray, Adrain Jones, Darryle Jumper, Michael Mathis, Everett Morgan, Bruce Walker, Teddy Wilson, Lyron Cobbins, William James, Danielle Jackson, Fred Mitchell, Rance Parker, Randy Jones, Lydel Livingston, Andre Riggins, Ben Scott, Delmas Williams, Martez Young.





Martez takes time out of his busy schedule to think about life.

Randy Jones trying to do the best he can.

Girl's Track

The girls track team was off to a good start last spring by winning their first track meet against Schlagle and Washington High School. There after, they really seemed to be struggling. When it was all over and we were at the end, we had five young ladies who qualified to go compete in the state track meet. These young ladies were:

Cecelia Lee - A Sophomore who went for the 4x100 meter relay.

April White - A Sophomore who went for the 4x100 meter relay.

Marlianna Glenn - A Sophomore who went for the 4x100 meter relay and the High Jump.

Floydine Boyd - A Sophomore who was supposed to go for the 4x100 meter relay, but was unable to attend.

Demita Thomas - A Sophomore who went for the 4x100 meter relay as a replacement for Floydine Boyd.

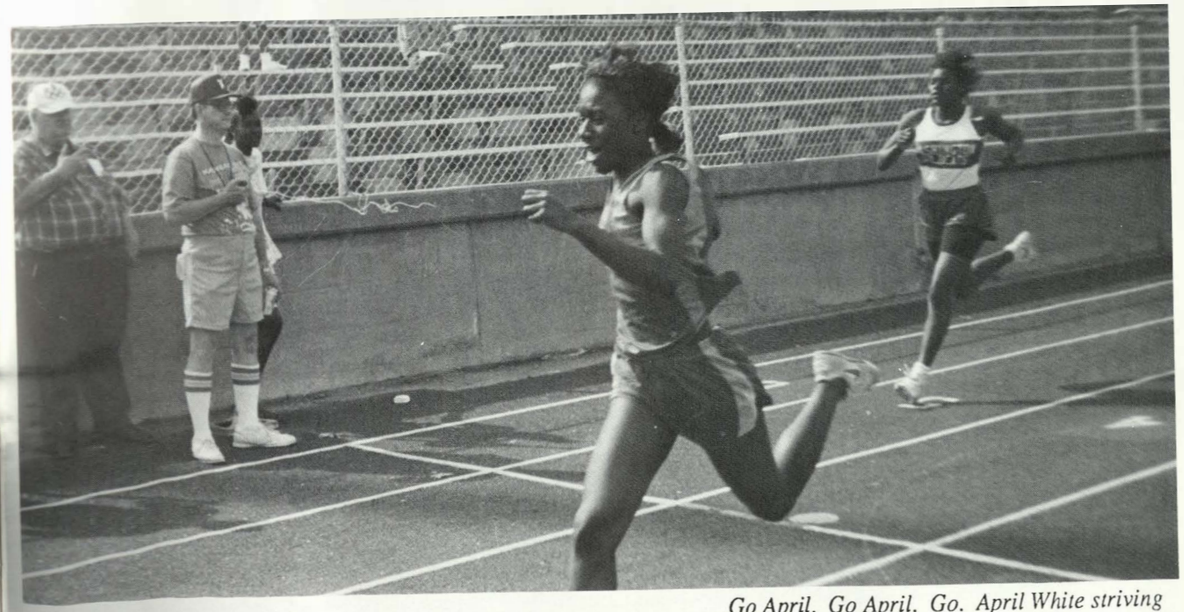
JaQuetta Washington - A Senior who also went for the 4x100 meter realy.

Coach Alexander feels that "Cecelia Lee" put forth the most effort and did the best during the season. When asked what the team could do to better theselves for this year, he said, "Prepare themselves on the off season by lifting weights, running, and work on being mentally tough."

By: Lynette Fields

Here we have Cecelia Lee and Anna Goodwin taking a break from the pain and the pressure

Wow! Look at Marlianna Glenn make that winning jump to victory.



Go April. Go April. Go. April White striving to make that win.

The Dream Team

Who are they?

What did they do?

They are such stars as:

Magic Johnson
Michael Jordan
Scottie Pippen
Larry Bird
Patrick Ewing
Charles Barkley
Karl Malone
David Robinson
Chuck Daly -coach

and other big names.

What does "Dream Team" really mean? Some may say it's just a team of stars who went to the Olympics and really won. But, it means more than that. True, they are stars who formed a basketball team and went to Barcelona, Spain for the 1992 Summer Olympics. They are the best team that could have ever been made. Not only did they go play basketball, but they came back to the United States with the Gold, that proved they went as a team and won as a team.

(cont. on next page)

There is a lot of difference from the NBA rules and court. Some of those differences are: in the NBA you have twenty-four seconds to shoot the ball, at the Olympics they had thirty seconds. And the NBA for the three-point line is twenty-three feet and nine inches, but in the Olympics its twenty feet and six inches from the basketball goal. So, really besides the experience in the basketball field they had time and space to play. Do you think they we're lucky? Well, you could say that but, they didn't act arogent or anything, they went out and played excellent ball and beat every team they played.

People said before they left that no other country had a chance. They were right. No country was ready to see the tall players in such good shape from the US. But, what they didn't know until real close to Olympic time was that, they were pro-players, from all different pro-teams, and just how famous and the court size they were coming from. But, they soon found out that they were playing superstars and that it would just be a matter of time before their country team would have to go home with either no medal or the Silver or Bronze medal, because no team could take the GOLD from the United States.

All the men come from different teams and back grounds. As most people know, Magic came out of retirement to play. There was a lot of concerns about Magic playing in Barcelona, since he was diagnosed with the HIV virus. So other countries were scared about him playing. The other players, such as Jordan and Robinson was doing shoe commercials in between games and seasons. Also Jordan's team , the Chicago Bulls, were the NBA champions from the previous season. If you didn't know it, Larry Bird and Johnson were the captains of the team. All the men came from great basketball playing. That's why they are champions.

The Dream Team should show people, that no matter how famous, how wealthy, how many years you've played or worked, and no matter what your name is, from Jordan to Magic to even Bird, you can still come together as a team for your country and win the GOLD!!

Another School Year is Behind Us All

As the school year draws to a close I would like to take this opportunity to look back on what this year has endured. First of all, we will not forget the passing of one of one of our dear teachers, Mr. Schwerdtfeger, at the opening of this school year. He was loved and respected by students and co-workers and will be missed greatly.

Next, students were happy at the decision of administrators to let us wear our jackets in the building again. This meant no more freezing to death in our class rooms after a weekend of the heat being off in the building.

One of the biggest upsets of the year was the talent show being moved to during school instead of after school. This kept the outsiders from intruding but it didn't keep the freshmen from acting up and ruining it for the rest of the student body. It took a while to prove that we as students and young adults were capable of handling school activities, but we finally made it.

This year we were also introduced to a new thing called "Freshman Core". Freshman Core is a program for all nineth grade students where the same 50 students have the same teachers for Math, English, Science, and Social Studies.

The 1992-93 school year also brought many new faces to Wyandotte in the teacher area. These new faces include such teachers as Mr. Oland, Mr. Fund, Miss Simms, Mrs. Lawler, Mr. Briggs, and many others.

This year also brought forth the idea of making Wyandotte a magnet school. This would mean less trouble makers and it would put more emphasis on education.

Behind this year we have seen many things come and go but to much avail one fact stand true, and that is the future is definatly looking brighter for Wyandotte.
